Summary

To contribute and work with a team of cutting edge professionals to advance the aims of the organization. To add value as an agent of change by leveraging my skills and professional experience in an organization that provides supportive and enabling environment.

Skill Highlights

- Good analytical skills
- Programming skills (python and SQL)
- Data analysis skills (MS-Excel and Power BI)
- Ability to work with minimum supervision
- Laboratory management skills
- Good teaching skills
- Innovative and creative
- Leadership and administrative skills
- Interpersonal relationship skills
- Good communication skills

Experience

Data analyst- 2022/2023

- Conducted exploratory data analysis on product sales of a supermarket.
- Assisted in data collection, cleaning and analysis to support volunteered projects using SQL, Python and Excel.
- Created data visualizations using Power BI and Python tools (Matplotlib) for checking purchasing patterns in large mall datasets.

Project Coordination Member

Environmental and Community Development Service (During NYSC), 2021/2022.

- Planned, budgeted and executed projects in the community
- Worked together with other members to ascertain greatest need in the community.

Laboratory Technician-2017/2019

Nigerian Institute of Science and Laboratory Technology (NISLT) and Eleyele Water Corporation, Oyo state.

- Analyzed samples and specimens with accuracy
- Worked cooperatively with other technician to solve difficult problems and built strong relationship with the management and colleagues.

Science teacher - 2019/2021

Foyekem international School, Osogbo

- Reviewed curriculum and devised alternate approaches to present lessons to increase students understanding.
- Incorporated exciting and engaging activities for students

Summary

A goal-oriented Frontend Developer with knowledge of HTML, CSS, JavaScript, React, Node.js and MongoDB seeking to use technical proficiency and creativity to develop engaging user experiences and advance in a professional career. Looking to leverage effective debugging, code optimization and project collaboration capabilities to produce applications that exceed user expectations.

Skill Highlights

- Web Performance Optimization
- Programming skills (Html, CSS, JavaScript, React, Node.JS, Next JS and Git)
- Ability to work with minimum supervision
- Debugging
- Problem Solving and Critical Thinking
- Back-End Database Integration
- Responsive Design
- Software Testing
- Version Control System
- Good communication skills and Collaboration
- Cross Browser Compatibility
- Application Performance Optimization

Projects And Experience

Front end developer 01/2024 – Present Infinity Tech Inc.

- Developed a responsive website UI using HTML, CSS, JavaScript ,React.js and Next.js that reduced overall page load speed by 15%.
- Collaborated with project managers to successfully deliver projects on time, resulting in an increase in organizational efficiency.
- Successfully debugged the web-related issues, leading to improved efficiency and performance.

Front end developer 04/2023 – 12/2023

Linkfree-Open Source.

- Developed an interactive layout, using HTML, CSS, JavaScript and React.js to generate an improved user experience and ensure high-quality design and cross-browser compatibility.
- Successfully collaborated with other developers and designers to continually expand application capabilities.

Full Stack developer 02/2023 – 4/2023

Freelancing.

- Debugged and troubleshoot code, resulting in a 30% reduction in production issues and a 20% increase in customer satisfaction.
- Built RESTFUL API integrated with front end applications.
